☞ Printed on Guernsey's Improved Cylinder Power Press.

550,000 Acres Selected Pine and Farming Land

IN MICHIGAN.

THE SAINT MARY'S FALLS SHIP CANAL COMPANY

OFFER for sale those Lands, which are principally situated in the Lower Peninsula of Michigan, on and in the vicinity of the large streams and rivers, easy of access, and selected under more favorable circumstances than

Any other Western Lands,

Were chosen with particular reference to their location on the streams and the quantity and quality of the pine timber. On this account,

For Lumbering Purposes,

They are very desirable and valuable. The streams are large, and capable of floating logs at all seasons of the year, with harbors at their mouths, on the Lake. At many of these points settlements and extensive lumber operations are formed and conducted with uniform success, proving already the most profitable lumber operations in the Union, and having access, by means of lake navigation, to

CHICAGO, DETROIT,

and the other great Lumber Markets of the country.

Tracts of from 40 to 40,000 acres

will be found at many points, affording opportunities for either a small or the most extensive lumbering operations. A large portion of these Lands are among

The Best Farming Lands of the West,

and as they contain from 5 to 20 thousand PINE TIMBER to more than pay for the land, fencing, moderate buildings, and other improvements, offer very superior inducements to farmers seeking a western home.

The Climate is Mild and Equable,

and soil and climate both adapted to all the grains, fruits, and products raised in the most favored portions of the West.

Companies of 10, 15 or 20 Persons,

with their families, will find location just suited to the formation of a settlement, with good water-power, and convenient access to neighboring settlements.

TERMS:

One-fifth will be required at the date of sale, and the balance in two, three and four years, with interest at six per cent. per annum.

The Company have for sale complete descriptions of each tract of their lands, from actual exploration by several different parties, with accurate maps of each township, according to government surveys. These may be seen at the

Land Office of the Company in Detroit, Michigan.

Copies of Maps, field notes, and other information concerning the lands will be furnished, without charge, to those wishing to purchase.

☞ Large Maps of the State, showing the lands of the Company, will be found at public places in most of the principal towns in the Eastern and North-western States. GEO. S. FROST,

St. Mary's Falls Ship Canal Comp'y, Land Agent.
Land Office, Detroit, Nov. 1, 56. 3m

At Franklin Street Carriage Depot!

STANLEY HOUSE,

WATER STREET, AUGUSTA, ME.

C. W. RICKER, would respectfully announce to the Travelling Public, that he has re-opened the Stanley House, Augusta, and furnished it throughout with NEW and ELEGANT FURNITURE, and made every arrangement necessary to continue it as a First Class Hotel.

This is the most centrally located House in the city, being directly opposite the Depot, and in close proximity to the steamboat landing, Court House, Post Office, and but a few minutes' walk from the State House.

Business men, or persons traveling for pleasure, will find that this House affords every comfort or luxury that can be desired, and the Proprietor is determined to spare no pains to make it in every respect second to none in the State.

Books for all Stages leaving town will be kept at this House.

In connection with the above are good Stables with attentive ostlers and careful Hostlers.

THE HATCH HOUSE, Main Street, Bangor, Maine.

THIS House has been thoroughly repaired, refitted, and refurnished throughout with New Carpets, Furniture, Beds and Bedding, and is now open for the reception of company, under the charge of the subscriber.

It is a large, commodious, and well established House, situated on Main Street, near the centre of the city, and within a short distance of the Steamboat Wharves and the Depot of the P. & K. Rail road, to and from which Coaches are always in readiness to convey passengers.

Its numerous advantages to strangers, and particularly to those visiting the city on business or for pleasure, renders it one of the most desirable Houses in the city.

Connected with the House is a large and commodious Stable under the charge of competent and faithful Ostlers.

By strict personal attention to the comfort of his guests, the proprietor hopes to receive a liberal share of patronage.

LINCOLN'S WATER PROOF BLACKING

AND LEATHER PRESERVATIVE.

Keep your Feet dry this, you will find a good thing to have.

IS it not a truth that when the feet are often wet it is one of the greatest causes of colds and consumption? It is a truth that when leather is taken and dried, it soon becomes hard, stiff, and cracks; but when it is water-proof this is remedied. By the application of this preservative, it remains soft, and entirely impervious to water.

After being engaged for 25 years in the manufacture of Leather in all its branches, and being often troubled with wet feet myself, I was led to experimenting on different compositions, and found it easy to make it water-proof, but at the same time extremely injurious to the leather. At last by a chemical process, I discovered a preparation which perfectly harmonizes with the material properties which which leather is tanned. It will not only make leather water-proof, but likewise softens the leather, and it will

Positively, wear twice as long.

I have now used it for three years, and a large part of that time have worked in a wet factory, with my boots constantly in the water, and have not had my feet wet during that time. I can therefore in all confidence, recommend it to the public as the best article in the market.

GREAT American and Foreign Office

FOR

Securing Patents for Inventions.

AGENCY FOR BUSINESS WITH THE U. S. PATENT OFFICE, WASHINGTON.

R. H. EDDY,

No. 76 State Street, opposite Kilby St.,

BOSTON.

IMPORTANT INFORMATION TO INVENTORS.—The subscriber, late Agent of the U. S. Patent Office under the Act of 1837, determined to present advantages in applying for patents, superior to those offered inventors by others, has made arrangements, whereby, on application prepared and conducted by him, THIRTY DOLLARS (instead of *twenty, as paid back by others,*) will be remitted by him in case of failure to obtain a patent; and the whole fee, throughout, will be within thirty days after rejection.

This Agency is not only that of one in New England, but through it inventors have advantages for securing patents, or ascertaining the patentability of inventions, unsurpassed by, if not immeasurably superior to, any which can be offered them elsewhere. The testimonials below given prove that none is MORE SUCCESSFUL AT THE PATENT OFFICE than the subscriber, and its SUCCESS THE BEST PROOF OF ADVANTAGES AND ABILITY. It would add that he has abundant reason to believe, and improve that at no other office or Agency can the charges for professional services be so moderate.—The immense practice of the subscriber during twenty years past, has enabled him to accumulate a vast collection of specifications and official decisions relative to patents. He also possesses the extensive library of legal and mechanical works and full accounts of patents granted in the United States and Europe, to render him able, beyond question, to offer superior facilities for obtaining patents.

Caveats, Specifications, Assignments, and all Papers and Drawings necessary to the procurement of patents in this and foreign countries, prepared, and advice rendered on legal and scientific matters respecting inventions, and infringements of patents. All necessity of a journey to Washington to procure a patent, and the usual great delay thereby incurred are avoided.

Copies of the claims of any patent furnished for *one dollar*. Assignments recorded at Washington. Patents secured in Great Britain, France, and other foreign countries, through agents of the highest respectability.

R. H. EDDY, *Solicitor of Patents,*

☞ During the time I occupied the office of Commissioner of Patents, R. H. EDDY, Esq., was employed by me, during my illness at the Patent Office, as Solicitor for obtaining Patents. There were few, if any, persons acting in that capacity who had so much business before the Patent Office, and there were none who could do it in a more skilful, diligent and careful manner. I regard Mr. E. as one of the best informed and most faithful Patent Solicitors in the United States, and have no hesitation in assuring inventors that they cannot employ a person more competent and trustworthy, and that any communications he may receive from them as early as favorable consideration at the Patent Office.

EDMUND BURKE,

Late Commissioner of Patents.

[From the present Commissioner.]

August 17, 1855.—During the time I have held the office of Commissioner of Patents, R. H. Eddy, Esq., of Boston, has been actively engaged in the transaction of business with the Office, and from the thoroughness with which he has performed his duties, and the skill of practice in the office, I regard him as one of the most capable and successful practitioners with whom I have had official intercourse.

A SURE PRIZE

For Every Tenth Person!!

CHANCE FOR A GRAND PIANO,

FOR EVERYBODY.

ONLY TWO DOLLARS!!

100 *Beautiful Gold Watches*, 100 *Rosewood Grand Piano Fortes*, *Ladies' Bracelets, Watch Chains, Breast Pins, Bathing Rings and Silver Spoons*

TO BE GIVEN AWAY

Encouraged by the success which has attended the publication of *LESLIE'S ILLUSTRATED NEWSPAPER*, which is now closing its second volume, the Proprietor has determined to return to his numerous subscribers a portion of his profits in the following manner:

Every tenth subscriber will have his money returned by the next mail, and the paper will be sent *gratuitously* for the term of subscription.

Thus in every 1000 subscribers, 100 will have their money returned and the paper sent for Six Months when they remit Two Dollars, and Twelve Months when they remit $4.

Every subscription, as it is received, by letter or otherwise, at the Office, 12 Spruce-st., New York, will be registered in a book kept by the Proprietor for that purpose.

The Prize numbers will be 10, 20, 30, 40, 50, 60, 70, 80, 90, and 100 in each hundred. Persons obtaining any of these numbers will have their money returned and the paper sent free, as above.

Persons obtaining the following numbers in every thousand, in addition to the return of their subscription money as above, will receive the following prizes:

No. 100, Lady's Gold Bracelet.
" 200, Gentleman's Gold Watch Chain.
" 300, Gold Watch, (Lady's or Gent's.)
" 400, Lady's Gold Chatelaine.
" 600, Set of Silver Tea Spoons.
" 800, Gold Breast Pin.
" 700, Gold Watch, (Lady's or Gent's.)
" 800, Diamond Ring, (Lady's or Gent's.)
" 900, Set of Silver Dessert Spoons.
" 1,000, Grand Rosewood Pianoforte.

These Prizes will be given to the same numbers in each and every thousand, in addition to each subscription money being returned, and paper sent free to each and every tenth subscriber, as above stated.

Each subscription book was opened October 20, 1856, on which all future subscriptions will be registered.

Every person whose money is returned, or who is the recipient of either of the above prizes, will be required to furnish an acknowledgment of the same, and their names will be published from time to time in the advertising columns of Leslie's Illustrated Newspaper.

It should be borne in mind that every subscriber under all circumstances, whether the recipient of a prize or not, will get more than a full equivalent for his money in the paper itself. This is the only Illustrated Newspaper in the United States.

Canvassers.—Persons soliciting as Eleven Subscribers are certain to receive back one subscription and have a chance for two, for example, on the receipt of the eleven subscriptions, the last number on the books is get No 89—the eleven additional subscribers will then include two prizes.

FRANK LESLIE'S ILLUSTRATED NEWSPAPER—The last numbers of Frank Leslie's Illustrated Paper have come to hand. In style and general appearance it resembles—and is quite equal to—the London Illustrated News—which is now renowned for the excellence and variety of its illustrations. The New York paper, however, is sold at half the price of its London prototype. The engravings in *Frank Leslie* are infinitely superior to those in *Ballou's Pictorial*.—*Whig, Easton, Pa.*

SUPERIOR TO ALL OTHERS.

We are now issuing

The Progressive Readers,

By SALEM TOWNE, LL. D.,

and N. M. M. HOLBROOK.

THESE are emphatically and in all respects the Best School Books ever published, and we are confident will take the lead among all Readers. The authors, as successful *practical* teachers, and elocutionists and popular authors have been long and favorably known, and their names alone are a sufficient guarantee for the high character of the books; but in order to secure the highest possible degree of perfection in every department the services of the most efficient corps of other educational and literary men have been employed to assist.

The elementary books are beautifully illustrated by the best artists of the country, and the appearance and mechanical execution of the whole series is in advance of any and all others.

School Committees, Teachers, and others, are requested to examine for themselves. Copies furnished free for examination at our store or sent by mail on receipt of retail price to cover the postage. Postage rates are for the First Reader 9 cents; Second 12 cents; Third 16 cents; Fourth 18 cents; Fifth 24 cents. The series consists of the following:—

PROGRESSIVE PICTORIAL PRIMER.
PROGRESSIVE FIRST READER—Now Ready.
PROGRESSIVE SECOND READER—Now Ready.
PROGRESSIVE THIRD READER—Nearly Ready.
PROGRESSIVE FOURTH READER—In Press.
PROGRESSIVE FIFTH or ELOCUTIONARY READER—Now Ready.

Large stock of Books of all kinds, and every variety of Stationery at lowest prices. Particular attention paid to furnishing libraries.

ANTAGONISTIC

To Prejudice and Empiricism!

OLD DR. CULVERWELL'S

(Member of the Royal College of Surgeons (1817.) License of the Hall (1815.) and 28 years

Medical Lectures, &c.)

Radical Regenerator,

FOR SEMINAL WEAKNESS,

In all its forms, as Nocturnal Loss & Diurnal Emissions, Nervous Irritability, Premature Decay, Loss of Vocality, Impotency, and all such cases arising from early transgression.

This excellent Remedy, discovered by the world renowned Dr. CULVERWELL, in London, the most successful practitioner in his line for the last 30 years, is now for the first time offered to the afflicted in this fullest confidence of its extraordinary virtues. The salutary effect is almost instantly felt, and it will be found at once superseded all other means resorted to, medical assistance or otherwise, to arrest and to cure this awful disease. A single trial will convince the most sceptical, that a safe and perfect cure may now be had at the expense of a few dollars, which up to this date could not be procured for all the gold of the world. The heavy expenses incurred in bringing this article before the public should not be heard, were its superior, by over every means hitherto employed for the same purpose (not a cure guarantee that its employment by any person would, through reminiscences, result in an eventual safe issue.

Dr. Culverwell's admirable and entirely novel plan of treating these diseases, is, in the interest of humanity, recommended to physicians throughout the land, to whom every facility will be afforded for testing its wonderful efficacy in their private practice.

Full and plain directions for all the different varieties of the complaint accompany Dr. Culverwell's REGENERATOR. PRICE ONE DOLLAR, sent to any address, free of postage, to any part of the country. Address, Messrs. BRIDGMAN & CO., Druggists and Apothecaries, 168 Grand-St., New York, Sole Agents for the United States and Canada. Nov. 10. d&wly.

TO CONSUMERS OF

PICKLES.

BELIEVING that the Public have become tired of purchasing Pickles in Packages, holding, in many cases, fifty per cent. less than represented, we have commenced putting up, in addition to our present second to none article which we are labelling "WM. UNDERWOOD & CO'S EXTRA PICKLES," and are filling into full sized jars, which are brightly stamped in the glass, with their exact contents in ounces—thereby enabling the consumer to verify their purchase. These Extra Pickles are put up with every regard to style, quality and flavor, and will be sold at fairly remunerating prices.

We have made no change in our manner of dressing Pickles, never having resorted to any deleterious means to attain this end. The Cider Vinegar which we use is made from sound fruit, and is entirely free from Vitriol or any other mineral acid, which is not the case with that used in most brands of English Pickles found in this country.

William Underwood & Co.,

67 Broad street, Boston, Mass

Nov. 1, 1856 2aw3m

1,000,000 BOTTLES SOLD.

Entered according to Act of Congress, in the year 1853 by J. Russell Spalding, in the Clerk's office of the District Court, Massachusetts.

J. RUSSELL SPALDING'S

ROSE MARY

This great and popular preparation is decidedly one of the richest and best articles in the world for the HAIR!

It imparts a richness and brilliancy elegant, common preparations, embellishes, restores the hair, when bald or gray, and has probably been used for restoring and preserving the fading of the hair with more success than any article ever known. It has stood the test of time at least two, and all can rely upon it.

Sole Proprietors, J. Russell Spalding, Manufacturing Chemists, Depot 244 Washington-st., opposite the Museum, Boston, Mass., where all orders should be addressed. The fac simile of his signature is on every bottle of the genuine.

CALIFORNIA. The election returns, in the San Francisco Union, made up to the sailing of the steamer, some of the counties having the majorities only given, foot up—for Buchanan 49,788, Fillmore 84,047, Fremont 19,077.

Buchanan over Fillmore.....16,721
Fillmore and Fremont over Buchanan 3,368

This does not agree with the reports by telegraph, which gave Buchanan 8,000 over all.

The following are the officers elected on the State ticket. They are all Democrats. Their plurality is not so large as that of Buchanan, but will probably reach 10,000 votes:—

Governor.—C. L. Scott and Jos. C. McKibben.

Clerk of the Supreme Court.—Charles S. Fairfax.

Superintendent of Public Instruction.—A. J. Moulder.

The State Senate stands—Democrats 18, Americans 13, Republicans 3; eight Democrats and nine Americans hold over from last year.

The returns for the House are—Democrats 60, Americans 8, Republicans 12, not heard from 1. The Republicans carried San Francisco and Santa Clara counties, and the Americans, Napa, Humboldt, Sacramento, Solano, Yolo and Yuba.

There are two U. S. Senators to be chosen, and it may be that Gwin and Broderick will make up the difficulties between their two factions and take the offices. Dr. Gwin's friends, with the aid of the Whigs, defeated the election of Mr. Broderick in 1854; in 1855 the friends of Mr. Broderick defeated the election of Dr. Gwin; in 1856 two Americk Senators were not elected, because Wilson Flint bolted, and because the friends of both Broderick and Gwin united to prevent the election. The former spent the entire winter at the capital. This has the Senatorial election been used as a political shuttle cock between Gwin and Broderick for the last four years. The San Francisco Bulletin publishes the following list of aspirants, which will probably not diminish as the election approaches:—

J. W. Denver, John R. Waller, William M. Gwin, D. F. Washington, John Bigler, David C. Broderick, James A. McDougall, J. W. McCorkle, Peter Lott, Milton S. Latham, C. H. Bryan and T. J. Henley.

We do not see that Herbert has yet applied.

The new or reform city government of San Francisco has been inducted into office, and the city is now said to be in the hands of better men than ever before. They find the municipality in a bankrupt condition, and have commenced the work of reform.

Sheriff Wright of Nevada was killed on the 3d of November, while in pursuit of a band of robbers. Mr. D. L. Wells was killed at Amador, by being thrown from a buggy.

Some trees have been discovered in Calaveras county measuring from eighteen to thirty feet in diameter.

The great sale of the Folsom estate took place in San Francisco on the 13th and 14th of November. The property brought very handsome prices and the sale and the effect to give a stimulus to real estate.

The news from the mining regions is favorable, although the rains which had commenced were yet insufficient in some sections.

On the Merced, Tuolumne, Calaveras, American and Feather rivers, the miners are represented as doing extremely well.

The wholesome effects of the great moral demonstration made by the Republicans of the North are becoming more and more manifest. There are now symptoms of a reaction in the State of Missouri, in favor of allowing the free settlers of Kansas to make that a free State, in accordance with the wishes of three-fourths of the legal inhabitants. The St. Louis Republican, a journal that warmly espoused the cause of Buchanan at the late election, and which once defended the border ruffians, devotes a long leader to the question of slavery or freedom in the Territory of Kansas. The following is the concluding paragraph:

"We, therefore, say in conclusion, that it is better for the whole country, better for the West, and infinitely better for Missouri, that Kansas should be free and in declaring for such an issue, we declare for white men and against negroes, for free labor against slave labor, for commerce, industry and talent, and for the rights and interests of eight hundred thousand against twenty-five thousand."

AT NOBLE VOTE, Hon. Cadwallader C. Washburn of Wisconsin, is re-elected to Congress with the unprecedented popular vote of 27,600—having 10,500 majority over his opponent. We believe this is the largest vote ever thrown for a member of Congress.

PUBLIC services will be held at the new Free will Baptist Church on Essex street, on Saturday evening next. The meeting announced for Friday evening will not take place.

LIGHT INFANTRY, AMERICUS.—CHRISTMAS DANCE. The second Assembly, at Nokombega, in the Light Infantry course, will take place on Christmas Eve, Dec. 24th.

SHIP Transport, of Boston, abandoned on the voyage from Sunderland to New York, was built at Pembroke, Me., a short time since, was classed A No 1, at Lloyd's "1856" tons, and had 1207 tons coal. The value of the vessel and freight money, probably amounted to $100,000, which is insured, chiefly in Boston. Her cargo was for account of the Manhattan Gas Company, and it is said was not insured.

THE NICARAGUA FILIBUSTERS. The gallant Walker, notwithstanding the flaming accounts of his victories sent to New Orleans, seems by other and more detailed accounts to be in a tighter place than he has ever yet been—and unless aided by immediate and large accessions of troops, and supplies of provisions from the United States, bids fair to be driven out entirely or caught and hung. He has undoubtedly beaten off his assailants in some engagements, but the fact of his evacuating and burning his own capital and retreating to an island in the lake, shows that he is hard pushed, and in no condition to drive the Allied troops from Nicaragua,—while they on their part are determined to annihilate him and his followers. But the worst feature for him is the reported hostility of the native Nicaraguans themselves.

The news per steamship Tennessee, that Walker is in a bad position, seems more reliable than the by the Texas at New Orleans, which represented him as everywhere victorious. A letter to a mercantile house in New York states that Walker had been besieged in Granada, and cut off from provisions and water. This shows that he was driven out of the city when he retired to the island.

We presume that the notorious Col. Titus with 190 other of the Border Ruffians that left Kansas to reinforce Walker, at last date. That they will lay their bones worthily in Nicaragua seems highly probable.

That Walker has urged upon Southern men to join him in Nicaragua, and bring their slaves with them, and has offered them the inducements of obtaining confiscated estates of native Nicaraguans at a nominal cost, appears from a recent letter written by one of Walker's officers, who says, he is "Sub-Secretary of State, speaking by authority." This method of extending Anglo-Saxon civilization is not creditable to our country, and ought to fail as we trust it will.

MISSING.—Mr. William McLellan, an Irishman, and resident of this city for twenty years, has been missing since Nov. 21st, when he was last seen on Main street. He is 41 years old, about 5 feet 10 inches high, has light brown hair and lisps or no brogue in his speech.—Will other papers please copy; in the hope of information on being obtained by a distressed family.

THE BALL ROOM MANUAL, is a miniature work, containing a full description of the various Contra Dances now in vogue with remarks on Cotillions, Quadrilles &c. A convenient manual for dancers. Published by H. G. O. Washburn, Belfast. For sale by booksellers, or to be obtained of the publisher by mail, free of postage. Price 13 cents.

THE name of the person who committed suicide at Glenburn, Six Miles Falls, on Monday evening, was Amasa Stevens.

The Railroad Collision at Alliance!

Description of a Terrible Scene—Incredible Death of a Fireman—The Killed and Wounded.

The following particulars we copy from the Pittsburg Dispatch of Dec. 10:

"It is almost impossible to depict with anything like truthfulness, the scene which presented itself to our view upon arriving at Alliance. The station house, a large octagonal building, standing in the eastern obtuse angle formed by the crossing of the Pittsburg and Cleveland, and the Pittsburg, Fort Wayne and Chicago Railroads. It appears that the train on the latter road was just starting westward, the passengers having supped, when the train on the Pittsburg and Cleveland road came up at lightning speed and dashed through it, striking the front corner of the rear car, and the rear corner of the car in front of it, both filled with passengers going westward.

"The force of the collision was most terrific. The first named car was precipitated into the public reception room of the station, carrying with it all the timbers of the octagon building from floor to ceiling, and crushing the platform in front and timbers into kindling wood. The rear of the other car was taken by the locomotive—the coupling bars being shivered to atoms, and thrown some thirty or forty feet distant, the ends of the car being reversed from the position which they were standing when the accident occurred. Upon the platform, between the westward-going train and the station-house, where was standing a large number of persons, most of them awaiting the arrival of the very train which did the fatal mischief, and in the twinkling of an eye a number of them were hurled into eternity.

"Dr. Smith, a physician of Alliance, and who were standing together upon the platform—Her crushed and mutilated form was taken from under the platform, and partially under the floor of the reception room, while his was found under the upper car, forty or fifty feet distance.

"Mr. N. G. Taylor, a young secretary of Philadelphia was standing near the spot, and was so badly crushed that he breathed his last in a few minutes after being taken into the ladies' waiting room, manifesting no evidence of consciousness whatever.

"In the same room was the body of Mr. John Brooks of New Jersey, who is also said to have been standing upon the platform of the station when he met his death, and was crushed against the building by the car. This young man was to have been married on this day to a young lady residing in the Western part of Ohio, as we were informed. This was to have been a day of joy is turned to one of sorrow by the inscrutable hand of Providence."

Jacob Rudy, German, the fireman of the station—the shapeless fragments of whose body was seen lying on board of a large warehouse near the station—died as a hero dies. He saw the train approaching with the speed of lightning; he saw the danger of the crowd upon the platform, and of those in the train which was leaving—he rushed, with the lantern and his signal waving, up the track, directly fronting the death-dealing locomotive, and it struck him—carried him between the cars, tore him limb from limb, actually tore his noble heart out, which was found twenty or thirty yards from his body, which was dragged from under the baggage car a torn and bleeding mass of shapeless human flesh.

THE heaviest tax in our Postage System is the time wasted in going to the Post Office! One man in four who call for letters at the Post Office window, gets one; the other three get their walk for nothing! A man living a mile from the Post Office, whither he goes twice a day, estimates his loss of time at sixty-two working days (10 hours each) in a year! If a day laborer at the lowest wages, this is fifty dollars a year taken right out of his pocket. If a merchant in ordinary business, it costs him scores, hundreds. In England where all letters are delivered, you take no useless steps, for you never go to the Post Office; and the Postmaster-General rose for the fiftieth time to explain where he was intending to carry.—*Albany Journal.*

Yankees Eating Raw Meat and Blubber.

We are accustomed to regard the Esquimaux favorite dish of raw blubber as an article not quite equal to roast pig or turtle soup. Dr. Hane and his fellow voyagers, however, found occasion to change their opinions on this point—and came to consider a nice raw walrus liver as a great delicacy.

We quote from the Doctor's experiences:

"I found an overlooked goldeneye this morning,—a bear's head, put away for a specimen but completely frozen. There is no inconsiderable quantity of meat adhering to it, and I serve it out raw to Brooks, Wilson, and Riley.

"I do not know that my journal anywhere mentions our substitution for raw meats, nor does it dwell upon their strange adaption to scorbutic disease. Our journeys have taught us wisdom of the Esquimaux appetite, and therefore few and rigorous, who do not relish a slice of raw blubber or a chunk of frozen walrus beef. The heart of a walrus (awuktanuk) eaten with a little slice of his fat,—of a purity and a delicious freshness. Fire would ruin the curb of the expression of vitality which belongs to its uncooked juices. Charles Lamb's toast-pig was nothing to a awuktanuk. I wonder that raw beef is not eaten at home. Deprived of extraneous dirt, it is neither indigestible nor difficult to masticate. With acids and condiments, to make a sea air which an educated palate can no longer relish, and so, a powerful and condensed heat-making and antiscorbutic food it has for all.

"I make this last broad assertion after carefully testing its truth. The natives of South Greenland prepare themselves for a long journey like the cold by a course of frozen seal. At Upernevik the seal and the same with the narwhal, which is thought more heat-making than the seal, while the liver, to use their own expression, is stronger than all."

In Smith's Sound, where the use of raw meat seems almost inevitable from the mode of living of the people, walrus holds the first rank. Certainly this pachyderm, richly condensed tissue and delicately-permeating fat—oh! call it fat blubber—assimilate it to the ox, is beyond all others, and by the very best it is a man can swallow. It became our comfort, companion wherever we could get it; and a frozen liver upon our sledge was valued far above the same weight of provision. Now as I write, short of all meat, without an ounce of walrus for sick or sound, my thoughts recall the frost-tempered joints of this pachyderm-mind amphibian to the bosom of longed-for luxuries."

HOW THE BOSTON PREPARED FOR TRAVELLING WHEN THE COLD WAS 50 BELOW ZERO.

"My plans for sledging, simple as I once thought them, are simply certainly as compared with those of English parties, have completely changed. Give me the eight-pound sleeping bag instead of mine; a strong snow-shoe for my self, and the Esquimaux style of building a snow-house; and with a notice on my book I am ready for minus 80deg.—but no wind.

"The programme runs after this fashion,—Keep the blood in motion, without loitering on the way; cut for the night a hall raise a snow-house; dry the snow to scantlings impracticable, encase yourself in a burrow or under the hospitable lee of an inclined hummock-slab. The cubic feet of your walrus sustains your little man's life; from its fresh slices give you bread, its fresh blubber grease you butter, thickening onto melted soups, the snow supplies you with water; and when you are ambitious of coffee there is a bagful always in your boot.—Spread out your bag, your only heavy moveable stuff your reindeer bag inside, hang your boots to put on to take a blade of bone, and scrape off all the ice from your fur. Now crawl, each one of you, feet foremost; draw to top of your dormitory close, heading to leeward. Range yourself in Spartan; and, if you are only tired enough, you may sleep like St. Lawrence on his gridiron, or even still better.

INDIANA. The following items of news are from the Herald of Freedom of the 6th inst.:

Two hundred and State prisoners at Lecompton are either released or been acquitted, save fifteen who were sentenced at Lecompton. Of these, we have no doubt, Gov. Geary will shortly pardon them, and we asked to do so, which we hope will be the case soon.

Measures are being perfected for the organization of a City Government for Lawrence, by the people, independent of bogus sway.

The Free State prisoners who were remaining in Tecumseh, had their trial before Judge Cato last week, and were all discharged, to the number of fifteen. They had been in custody for nearly three months. Judge Cato's trial of the Lecompton "dodge will probably be tried on this wretched offer of this wretched region to enter the Republican household. A portion of California will be whopped off, and decided to make its claim to be regarded as a State, less than it now is.

Their "whopper" that Arkansas has 10,000 population, is equalled only by the pretence that it has produced gold, and bills of goods.—I have only thirst, gravel, snakes, centipedes, cactus plants and misery. Appurtenant to these are the outside, 1,000 Indians, Mexicans and Half Breeds.—*Albany Journal.*

A GOOD AS WHALING.—An old woman in Louisville, Ky., pays $40 rent for a portion of the ground over which Bear Grass creek flows, entirely to have the privilege of collecting the grease floating on the surface of the creek from the hog slaughtering houses on the stream.—She has been engaged in that traffic for a number of years, says the Courier, and realized the last season, the handsome sum of $400. At this time, however, she had the gleanings or skimmings all to herself, but since then a good deal of rivalry has sprung up in the trade.

BENEFIT OF MACHINERY. At a great meeting of mechanical engineers, recently held in Glasgow, Mr. Whitworth referred to the importance of acquiring greater nicety of measurement, and directed attention to a machine he had invented, by the use of which the *one millionth part of an inch* could be measured.—He expected the decimalizing of weights and measures, and made a comparison of the extent of the industrial production of the country at the present time with what it was at the period when hand labor was more employed. Thus he mentioned, but in the article of lace, one man with a machine could turn out as much work as at one time would have employed 5030 operatives, and the chipping and planing of a foot square of cast iron, which once cost 12s, was now accomplished by machine labor at a cost of one penny.

"Doctor," said a gentlemen to his physician (don't scream because the fashionables!) "Yes, to be sure, replied Galen; "Then I have got it," said the patient, "for the roof of my mouth is broken out in a dozen places."

The Indianapolis Journal says that there were 6,000 applicants for the post of messenger to carry the electoral vote of Indiana to Washington, and that there were applicants from every town in the State but two.

BACK HOME. For the past year this House has been under the management of Mr. Nathan Perry, Jr., and during that time it has been steadily gaining in public favor. It is in a convenient locality, is admirably kept, and everything about it is in prime order.—Mr. P. knows how to make strangers feel at home with him.

For the Whig & Courier.

DEAR MARY.

Soft on the cabinet hill-tops
Fell morn's red light,
And pale stars growing paler
Faded from sight.
When at our home's threshold
Paused a pale ghost
With dim and shadowy garments
Close round him pressed.

Silently he uttered, through
The unfused door,
Half-hissed the sentiments
Dim that he wore;
Pressed his icy fingers
O'er her pale cheek,
Sealed the lips that never
To us may speak.

Hushed then the throbbings
Of her young heart,
Closed the silken eyelids
Never to part,
Clasped those pale small fingers
O'er her heart's rest,
Folded her in silence
To his chilly breast.

Through the dark blue ether
Up to Heaven's light
Their angel footsteps roaming
Passed from our sight.

Lay we the casket
Of the spirit gem
Where the mild wind moaneth
And the snow wreathe bend
O'er the snowy tablet
At "Our Mary's" feet,
As though sympathizing
Paused they there to weep.

Grieved are our spirits,
Lone our hearth-fire bright,
Spirit-voices blend with ours
In the sad "Good Night."
Spirits guide our footsteps
In the "land of dreams,"
Memory's sun upon us
Sheds its welcome beams,
And by the "throne eternal"
Mid its gems bright
Our gentle spirit guardian
Meets our wondering sight.—NELLIE.

Bangor, Dec. 15th.

Miss Mary O. Robinson, died Dec. 4th.

Madame Young,

Independent Clairvoyant and Mesmeric Physician, has again returned to this city. She would say to her friends, and all those that wish to consult her, that she can be found at the Dyeing House, Room No. 40, where she will remain for a short time. dec18

WASHINGTON, Dec. 14, 1856.

Special Despatch to the N. Y. Tribune.

The fire-eaters are somewhat dismayed to-day by the news published in the Union this morning of the total routing of Gen. Walker in Nicaragua. The speech on Central American affairs, announced by Mr. Walker of Alabama for Tuesday next, will be a very different thing from what it would have been if delivered last Thursday, for I understand he considered Gen. Walker's Government firmly established, and his speech was based upon that fact.

It is settled that there will be no election of United States Senators from Indiana at the coming session, despite Mr. Bright's declaration. The Democratic Senate of 1854 refused to go into Joint Convention with the Republican House, and the Republican Senate of 1856 will refuse to go into Joint Convention with the Democratic House. The Senate will, therefore, elect two Republican Senators by resolution, and the House can do so if it pleases. The result will probably be that no Senators will be elected from Indiana for two years subsequent to the 4th of March.

I learn that it is probable that Z. Chandler, the well known Republican merchant of Detroit, will succeed Gen. Cass in the United States Senate. He made his active canvass of the State as Whig candidate for Governor in 1842.

Timothy O. Howe, it is supposed will be the new Republican Senator from Wisconsin in place of Mr. Dodge.

[We believe Mr. Howe went from Brookfield to this State.]

ARIZONA. A want of water, a scarcity of game, an excess of gravel, a superfluity of serpents, and a paucity of population, are the distinguishing characteristics of that portion of the Gadsden Purchase proposed to be erected into a new Territory, now, and into a State soon after, under the name of Arizonia. E. A. Cook is the latest dodge about the House of Representatives of these serpents in excess and people in deficiency. Behind him are the engineers of a new scheme for a new State, and two not new United States Senators—Islands of the South. They will be old hacks, scraped all over with the harness of Democracy. The Compromise "dodge will probably be tried on this wretched offer of this wretched region to enter the Republican household. A portion of California will be whopped off, and decided to make its claim to be regarded as a State, less than it now is.

Their "whopper" that Arkansas has 10,000 population, is equalled only by the pretence that it has produced gold, and bills of goods.—I have only thirst, gravel, snakes, centipedes, cactus plants and misery. Appurtenant to these are the outside, 1,000 Indians, Mexicans and Half Breeds.—*Albany Journal.*

SPECIAL NOTICES.

$2 per square for three insertions—$1 a week for continuance.

TELEGRAPHIC

TO THE DAILY WHIG AND COURIER

LATER FROM EUROPE.

ARRIVAL OF THE

City of Baltimore,

AT PHILADELPHIA

PHILADELPHIA, Dec. 17th.

The steamship City of Baltimore, from Liverpool 3d inst., arrived to-day.

The English markets generally remain unchanged.

An insurrection near Palermo in Sicily broke out under the lead of Baron Sentrenda, who had 500 or 600 men under his command.—Troops had been sent to disperse the insurgents and action had taken place at last advices.

George B. Mathews, late British Consul at Philadelphia had been appointed Consul to Genoa.

There is no French news of importance.

The King of Prussia in his speech at the opening of the Chambers, used the strongest language in relation to enforcing his claims on Neufchatel.

The expedition against Persia has sailed.

The London Post in a leader on the peace conference, says:—"If Russia persists in demanding a conference it can only end in her diplomatic defeat, for England, Austria, Sardinia, Turkey and we doubt not also, four ally France, will be prepared to maintain the absolute spirit and meaning and the very text and letter of the treaty. Of the ultimate result we have no fear."

The Marquis of Antonini, late ambassador at Paris has been summoned to Naples by the King.

The Prussian minister has received orders to suspend all communication with the Swiss government and to quit Berne.

The Swiss Council has decided on the suggestion of Napoleon for the liberation of the Neufchatel prisoners.

Spain.

The Madrid correspondent of the Independance Belge, says that the question of the Cortes is definitely resolved, and that Narvaez has yielded to the demands of the Court. The writer anticipates that some concessions will be demanded by Narvaez, which will be made, and then he will fall.

The writer also predicts that, before six months are over, Spain will be the scene of a bloody revolution if their Court should persist in its retrograde course.

Mr. Myers has taken the Spanish government loan.

LATEST.—Sicily.

Turin, Tuesday.—Information has been received in official quarters that the insurrectionary movement broke out on the 22d ult., at several points of the Province of Palermo.—The government officials have been driven away at every point. A number of the ex-deputies of the Sicilian Parliament of 1848 are at the head of the movement. Troops have been sent against the insurgents, and a number of arrests have been made in the Capital.

At present the precise bearing of the movement is not ascertained.

Congress.

WASHINGTON, Dec. 17th.

SENATE. Mr. Weller gave notice that, immediately after the holidays he should call up the Pacific Rail Road bill, which was under discussion last session, and indulged the hope that it would command the vote of a majority of the senate.

The consideration of the bill granting further time to the creditors of Texas to present their claims was resumed.

Fifteen thousand extra copies of the Secretary of the Treasury's Report on Finance, was ordered to be printed.

After a debate upon Mr. Rusk's bill, it passed.

Mr. James gave notice of his intention to introduce a bill establishing a Navy Yard at Newport R. I.

Mr. Seward introduced a resolution, which was adopted, requiring the Secretary of the Navy to report whether, in his opinion, it is practicable and inexpedient to cause steam vessels to be so constructed as to afford greater security against accidents by fire than now exists, and submit such suggestions as he may think proper for legislation on that subject.

Adjourned.

HOUSE. The debate on the President's Message was resumed.

Mr. Chumbach defended the Republican party from the imputations of the President that they have assailed the institutions of the country and sought to destroy the Union by overturning the Constitution. Such a charge was entirely gratuitous. There was nothing said by the leaders of that party to justify such an allegation. On the contrary, they had declared for the principles of the Declaration of Independence and the maintainance of the Union and Constitution as essential to our happiness and general prosperity.

He ventured to say that if a resolution had been introduced in the Cincinnati Convention asserting that the Union should be preserved at all hazards, it would have not received a unanimous vote. When the President, the great political physician came to doctor the Republicans for dissolution maladies, he would commend him to look at some Southern papers who support the administration while they advocate a dissolution of the Union. The Republicans arraign the President at the bar of the House for making wilful misrepresentations which they could prove there was a disunion party forming for the revival of the slave trade and forbidding free speech and a free press. The Republicans make no attack upon slave States.

They washed their hands of that institution—but when he and you attempt to plant it on ground in which we have common interest—then it will suffer you to do it we are responsible for the institution, not otherwise. He declared the Republicans as the only white man party in the country.

HOUSE.—Mr. Walker communicated on that part of the President's message which relates his relation with Nicaragua and expressed the opinion that the government had made a mistake from the beginning to the end, concerning the whole Central American question, wishing to refresh recollections of the past, he spoke of the importance as resting in the President's special message of May last, of having a peaceful passage between the two oceans to be secured by friendly relations with Nicaragua and dwelt at length on the intestine troubles of Central America.

To show England's agency in promoting the existing warfare, she had supplied Costa Rica with arms to be directed against Nicaragua, whose Minister we have received.

The English government has always claimed the right to control the fate of that country, in order to promote her own commercial and political purposes.

He insisted on the importance of having some settled understanding with Central America, as through that country we must have a route to the Pacific, to enjoy the rich trade of the East. He did not seek to inculcate the idea of annexation but that our country was destined to enlarge its domains, he had no doubt. Clouds seemed lowering over Walker, at whom all the eyes of the world were rivetted. Yet none had been more maligned than he. He was no vulgar adventurer, but endowed with all the elements that made a hero and a statesman.

He was young, bold, thoughtful, scholarly and self-sustained. He went to Nicaragua for no vile purpose of plunder, and looked by no strong forces, but by invitation of those who were fighting for freedom and seeking to revive the fortunes of that Republic. The President may have acted wisely in discontinuing diplomatic relations with Nicaragua, but Walker was at the head of the only legal power authorized to rule therein, and represented not only the liberal feeling in that State but what is more important to us he was the representative and type of our own nationality and the instrument by which our rights in future may be secured and advanced. If it was important in May act to recognize Walker's government because of the protection necessary to be afforded to citizens in that quarter, the subject is not surely less important now.

Mr. English characterized the debate which had been indulged in as a mere rehearsal of the stump speeches made in the Presidential canvas. It was not true, as charged by his colleague Cumback, that the democrats of Indiana, in the late election, pandered to the spirit of free-soilism. They fought the battle on the principles enunciated by the Cincinnati Convention, and no attempt was made by them to dodge the issue. They met it fairly and squarely. His colleague Cumback was the last man who should have made that charge. Did he not know that in his own ranks there were not only free soilers but the abolition party proper, and that the lowest and most God forsaken negro advocates, including black Wm. Anderson, who has recently been arrested in Louisville as an abolition emissary, was his, (Cumback's) ally, and stumped a portion of Indiana, deserting the democratic party as pro-slavery.

Mr. Brooks said he as a democrat and South Carolinian would vote for the admission of a State excluding slavery, provided this was agreed to on by a majority of the actual settlers. He repudiated squatter sovereignty in a territory as affecting southern rights, as did not wish to lose the benefit of the Nebraska-Kansas bill. Adjourned.

Washington Items.

WASHINGTON, 17th.

The new Kansas appointments, and that of J. W. H. Underwood of Georgia, Associate of the U. S. Court in Nebraska, vice Bader, resigned, were, by the Senate in Executive session to-day, referred to the Committee on the Judiciary.

The President transmitted to the Senate, the treaty between the United States and Great Britain, relating to Central America, which was ordered to be printed for the information of Senators only.

Thalberg, the eminent pianist, met with a most cordial reception at the White House today, when the President presented him with a beautifully bound copy of Perry's Japan Expedition.

Mr. Weller in the Senate to-day presented a memorial from the penny post of California, praying for indemnity for the losses sustained in consequence of the alleged unlawful detention of letters at the San Francisco post office, by the direction and sanction of the P. M. General.

The following is the bill introduced in the Senate yesterday by Senator Wilson of Mass.

Be it enacted that the one hundred and fifty first chapter of the alleged laws of the territory of Kansas, entitled an act to punish offences against slave property, with all such and other provisions of that code as recognizes and protects slavery in this territory and all provisions which establish official oaths other than those specified in the organic act or which require any test in regard to slavery or the fugitive slave law, to be applied to attorneys jurors, or voters, or which suspend the writ of habeas corpus, or which allows any other than actual residents of said territory to vote, or which allows jurors to be selected in any other manner than by lot of which punish citizens of said territory by chaining them together and exposing them to labor on the public works, with irons, chains and balls attached to them, be and the same are hereby declared inoperative and void.

Official Appointments for Kansas.

WASHINGTON, 17th.

The President has sent into the Senate the nomination of James D. Harrison of Kentucky as Chief Justice of Kansas, vice Lecompte—of Wm. Spencer as Marshal of Kansas, vice Donaldson, and of Thomas Cunningham of Pa. as Associate Justice of Kansas, in place of Burtill, declined.

Vessel Seized.

BALTIMORE, 17th.

The Schr. Morning Light has been seized by the local authorities at Norfolk, for an invasion of the search laws. She was bound to New York.

Iron Works Stopped.

CINCINNATI, 17th.

The latest advices from Cumberland River, Tenn., state that 25 iron furnaces in that region had stopped operations in consequence of the negro troubles.

Markets.

NEW YORK, 17th.

Flour 6 cts dull and heavy. Commons to straight state 6,30 a 6,60; upper lake 6,45 a 6 70; common to good Ohio extra 6,85 a 7,10; extra Gen. 7,40 a 8,50; southern heavy—mixed to good 7,05 a 7,35; fancy and extra 7,40 a 8 00; Canadian heavy—superfine 6,35 a 6,60; extra 7,00 a 7,75.

Wheat 1cl better—white scarce—Indiana white, 1,74 in store; Ill. red 1,60; southern white 1,77.

Oats firm. State 47 a 48; western 48 a 50.

Pork—firmer for mess. Mess 19,00 a 19,12 for old—19,37 a 19,62 for new; prime 16,87 a 17,31.

Beef firmer; country mess 9,25 a 11,75; repacked Chicago 14,25 a 14,75; prime 8,00 a 7,25.

Coffee steady. Rio 9 a 11; Java 14 a 14½.

Sugar steady. Muscovado 8¾ a 10.

Molasses firm. New Orleans 55; Porto Rico 58; Muscovado 48 a 62.

Capture of an Abolitionist Preacher

LOUISVILLE, Dec. 16

Rev. Wm. Anderson, a negro preacher of the Methodist Church North, was captured on Sunday on board the steamer Telegraph, with a carpet bag filled with incendiary documents. Anderson was yesterday taken to the Carrollton, where a large reward has been offered for him.

Probably the incendiary documents referred to were copies of the N. Y. Tribune or some other Republican papers—and if so, of course he should be tarred and feathered or sent to State Prison for life. That would be Southern justice.

Walker's Sick and Wounded Attacked by Natives.

NEW YORK, Dec. 16th.

A private letter from Nicaragua says:—The sick and wounded with the women and children, who were in Granada before its destruction, were to the number of some 150, conveyed to the Island of Omatepe, in the lake where they suffered dreadful privations for some days, and were then surprised and attacked by the natives. Some 30 escaped, but there are fearful apprehensions as to the fate of the remainder.

DISASTER. Schr. Flying Cloud, from Philadelphia for Boston, laden with coal, went ashore on Montauk Point, L. Island, on Sunday night last. She is full of water, and it is feared will prove a total loss. She is owned by Geo. W. Ladd and others of this city.

From Vera Cruz.

NEW ORLEANS, Dec. 13.

Advices from Vera Cruz announces that Prieto had surrendered to the government forces on the 6th inst.

The news of Vidaurri's treaty is confirmed.

Alvarez had taken the field in defence of the government.

DISASTER.—Barque Talavera, (of Searsport) of this port, from Alexandria 4th ult. for Liverpool, put into Portland 12th inst. for water and repairs, having on 25th ult. lat 39 lon 62 been struck by a severe N. W. squall which threw on her beam ends, where she lay six hours before she righted; had decks swept and her upper works strained, causing her to lose both topsail, maintopmast and foretopmast staysails and jib.

FRENCH SPOLIATIONS.—The House Committee on Foreign Relations, it is stated, will soon report a bill for the French spoliations, predicated upon the idea that the information communicated from the Department of State at the last session relieves, in a great measure, the objections raised in the President's veto, and clears the way for the adoption of the proposed measure.

GREAT ATTRACTION.

FIRST GREAT

AUTUMN & WINTER STOCK

—OF—

DRY GOODS & CARPETINGS,

Embracing every variety of style and fabric, from the most popular establishments of

EUROPE AND AMERICA.

Our FOREIGN DRESS GOODS, SILKS, &c., are selected principally from the Stocks of celebrated French and English Importers in New York.

Our LINEN HOUSE-KEEPING GOODS, MUSLINS, EMBROIDERIES, &c., are of our own *importation*, direct from Irish and Scotch Manufactories.

Our DOMESTIC GOODS, which compose by far the largest and most varied Stock in the city, are mostly obtained from Commission Houses and Auctions.

Our Stocks of RICH BRUSSELS, VELVET TAPESTRY ENGLISH and COMMON CARPETINGS, are largely of our own *importation*, and the balance purchased from the first establishments in the country. The facilities which we possess for procuring these Goods enable us to sell them at exceedingly low prices.

Our UPHOLSTERY DEPARTMENT is fully stocked with Rich Curtain Damasks, Embossed Velvets, Drapery Muslins, Drapery Trimmings, Cornices, &c., &c. Having attached to our establishment an Upholsterer, who has had large experience in his business in New York and Boston, we are prepared to furnish and put up all descriptions of Curtain and Drapery Goods, in private dwellings, hotels, steamers, &c., in the most modern and approved styles. He will also make and lay down Carpets in a manner entirely satisfactory to our customers.

Our BEDDING DEPARTMENT embraces a Large Stock of Hair, Palm Leaf and Excelsior Mattresses, Bed, Berth, and Crib Blankets, Marseilles, Lancaster, Toilet and Imperial Quilts, Feathers, &c.

In fact, we feel confident that we can offer our customers every inducement to make us an early call

STEAMERS.

Sanford's Independent Line

New Arrangement.

For Boston, via. Portland, until further notice.

The New and Superior STEAMER Menemon Sanford,

Capt. E. H. SANFORD,

1000 tons burthen, built expressly for a sea-going Steamer,

Will leave Frankfort, for Boston via. Portland, every MONDAY and THURSDAY Morning, at 7 o'clock, touching at all the usual landings on the river and bay.

—RETURNING—

Leave Foster's South Wharf, Boston, for Bangor, via Portland, every *Tuesday* and *Friday* afternoon, at 4 o'clock, touching as above.

Fare—From Frankfort, and Bucksport to Portland, $2,00—to Boston, $3,00; from Searsport and Belfast to Portland, $1,50—to Boston, $2,50, from Camden and Rockland to Portland, $1,00—to Boston, $2,00; Meals extra.

LOOMIS TAYLOR, Agent.

dec1, 1856

Summer Arrangement.

The Steamers ATLANTIC Capt. Geo. Knight, and the FOREST CITY, Capt. F. A. Prince will run as follows:

Leave Atlantic Wharf, Portland, every MONDAY, TUESDAY, WEDNESDAY, THURSDAY, and FRIDAY, at 7 o'clock P. M., and Central Wharf, Boston every Monday, Tuesday, Wednesday, Thursday, and Friday, at 7 o'clock, P. M.

Fare in Cabin, $1,25
Fare on Deck, 1,00

Freight forwarded daily over the A. & K. and P. & K. Railroads, to Bangor, and all way stations.

Each Boat is furnished with a large number of State Rooms, for the accommodation of Ladies and families; and travellers are reminded that by taking this Line much saving of time and expense will be made, and that the inconvenience of arriving in Boston at late hours of the night will also be avoided.

The Boats arrive in season for the passengers to take the earliest trains from the city.

The Company are not responsible for baggage to any amount exceeding $50 in value, and that personal, unless notice is given, and paid for at the rate of one passenger for every $500 additional value.

L. BILLINGS, Agent.

march14 tf

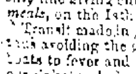
California Steamers,

Carrying the United States Mail.

5th and 20th of each Month.

Greatly Reduced Prices. 150 lbs. Baggage Free.

Through Tickets, including transit of the Isthmus, via Panama R. R.



By order of the Postmaster General, the United States Mail Steamers will hereafter be despatched from New York direct to Aspinwall, on the 5th and 20th of each month.

Passengers are landed at the Railroad Depot, Aspinwall, and conveyed across to the Pacific Steamers *without any extra expense*. This is the only line giving entire Through Tickets *including meals*, on the Isthmus.

Transit made in *four hours, entirely by daylight*, thus avoiding the great exposure by night in open boats to fever and ague, and 200 miles of dangerous lake and river navigation over rocks and shoals.

Arrangements have now been completed so that the regular U. S. Pacific Mail Steamer will leave Panama for San Francisco immediately on arrival of the Atlantic Mails and passengers, thus securing passengers by the Mail Line a *sure* and *short* passage, without any detention on the Isthmus.

☞ *Tickets must be signed by one of the Company's Agents before they will be recognized by the Agent at Panama*, and Tickets thus signed can be obtained of the *only authorized Agent* for the Atlantic and Pacific Mail Steamship Companies, in this city, C. L. BARTLETT, Agent,

No. 16 Broad Street, Boston.

August 1, 1856 1y

PROFESSOR WOOD'S HAIR RESTORATIVE.

It has Worked Miracles!

THAT ALL THE BALD AND GRAY can be restored perfectly to original growth and color, so far as their locks are concerned, does not admit of doubt; besides, it will cure every possible disease of the scalp, whether developed as dandruff, itching, or in the shape of cutaneous eruptions—even scald-head—and no possible case will it fail of curing, as if by magic, nervous or periodical Head-ache, and if used twice a week by the young regularly, it will preserve the color, and keep the hair from falling to any imaginable age. Read and judge.

Sheldon, Worcester Co., Mass., Nov. 1855.

PROF. O. J. WOOD—Dear Sir:—I take pleasure in bearing voluntary testimony to the magic effects of your wonderful Hair Restorative. As far back as 1836, my hair commenced falling off, until the top of my scalp became bald and smooth as glass, and it has continued so for a great many years, notwithstanding I have used many celebrated preparations for restoration. Seeing your advertisement, I was induced to give your article a trial, and to my utter astonishment, I find, after a few applications, that my hair became firmly set, and assumed a glossy and beautiful appearance, and by the time I had used a quart bottle, my bald head was covered over with a young and vigorous growth of hair which is now from one to two inches and a half in length, and growing fast. Yours truly,

HENRY GOODRICH.

Charlestown, Mass., Aug. 9, 1855.

Gents:—Nothing but a duty and sympathy that I feel to communicate to others that are afflicted as I have been would induce me to give this public acknowledgment of the benefit I have received from Prof. Wood's Hair Restorative. When I first commenced using it, my hair was quite gray, and in a place or two bald. I have now used the Restorative about three months, and my hair is entirely changed to its original color, brown, and the new hair is over three inches in length on the spots where it was bald. I have also been much gratified at the healthy moisture and vigor of the hair, which before was dry, and it has ceased to come out as formerly.

Respectfully yours &c.,

MRS. R. A. STODDARD.

From Mrs. Ingalls, a well known nurse in Boston.

Boston, Oct. 19, 1855.

Gents:—At your request, and being so highly pleased with the effects of the Restorative, I am free to state that my hair had become quite thin, and entirely white. I have for the last five years been in the habit of using dye, but hearing of the extraordinary effects of this article, I was induced to try it. My hair has been restored to its original thickness, and also to its former color, which is light brown. Yours respectfully,

MRS. INGALLS.

The following is from the Pastor of the Orthodox Church, Brookfield:—

Brookfield, Mass., Jan. 12, 1855.

Prof. Wood—Dear Sir:—Having made trial of your Hair Restorative, it gives me pleasure to say, that its effects have been excellent in removing inflammation, dandruff, and a constant tendency to itching, with which I have been troubled from my childhood and has also restored my hair, which was becoming gray, to its original color. I have used no other article with anything like the same pleasure and profit.

Yours truly,

J. K. BRAGG.

(From the Jersey City Telegraph.)

What is it for—this Wood's Hair Restorative?—Is a question asked daily by hundreds. We answer without hesitation, or fear of contradiction, that it is the only article known which will do all it proposes for the human hair. *It will renew its growth—it will stop its falling—it will restore its natural color*,—it is both a hair dye, but a speedy and efficacious Restorative.

O. J. WOOD & CO., Proprietors, 312 Broadway, N. Y., and 114 Market Street, St. Louis, Missouri.

Bath, Sept. 26, 1856

DYER'S HEALING EMBROCATION AN EXTERNAL AND INTERNAL REMEDY.

A PERFECT PAIN DESTROYER—Dyer's Healing Embrocation.

BY the use of one bottle of Dyer's Healing Embrocation, Charles Sisson of Providence was entirely cured of sore lungs, from which he suffered severely.

CERTIFICATES are being daily received from persons of the highest respectability, in favor of Dyer's Healing Embrocation.

DYER'S Healing Embrocation cures Rheumatism, Cuts, Wounds, Bruises, Sprains, Piles, Sore Throat, Neuralgia, Burns, Cramps, Stitches, Ague, Toothache, Headache, and all external and internal pain.

EVERY Workshop and Factory should keep constantly supplied with Dyer's Healing Embrocation.

FROSTED flesh, bites of insects, &c., assuaged by Dyer's Healing Embrocation.

GEO. McBRIDE, of New York, sprained his ankle; Dyer's Healing Embrocation cured it.

HEADACHE and Sea Sickness cured by Dyer's Healing Embrocation.

INTERNALLY used, Dyer's Healing Embrocation is of the greatest value, particularly in cases of cramp, cholera morbus, dysentery, &c.

JOSEPH M. CARR, of the Providence Tribune, was severely attacked with cramp in his stomach, but found immediate relief in a single dose of Dyer's Healing Embrocation.

KNOWN to be true, that Dyer's Healing Embrocation is the best external and internal remedy ever discovered.

LEAVES no stain upon the dress or skin, constant in its effects, but clean in its application. Dyer's Healing Embrocation is the admiration of all who have used it.

MOTHERS and Nurses should read carefully the testimony of Mrs. R. Wilmarth, which may be found in the pamphlet which accompanies Dyer's Healing Embrocation.

NO family should be without Dyer's Healing Embrocation.

ONE bottle of Dyer's Healing Embrocation will relieve an immense amount of suffering.

PILES relieved by two applications of Dyer's Healing Embrocation.

QUESTION—What is the most effectual remedy for rheumatism, cuts, wounds, sprains, burns, and other external and internal diseases? Answer—Dyer's Healing Embrocation.

RHEUMATICS, one and all, use Dyer's Healing Embrocation and be cured!

SPASMODIC affections, pain or soreness in the side, back, throat, chest, or stomach, cured by Dyer's Healing Embrocation.

THE incalculable value of Dyer's Healing Embrocation has been conclusively proved, and no person or family should suffer themselves to be without it.

USE Dyer's Healing Embrocation. Many of the most eminent physicians recommend this wonderful preparation with the most perfect confidence, and freely prescribe it to their patients.

VERY IMPORTANT—That every person should keep a constant supply of Dyer's Healing Embrocation by them. A single dose often prevents the most fearful consequences.

WE warrant entire satisfaction to all who use Dyer's Healing Embrocation.

XPERIENCE has taught thousands the great value which is attached to Dyer's Healing Embrocation.

YOU never need suffer pain if precaution is taken to keep Dyer's Healing Embrocation on hand.

ZEALOTS in good work is he who is constant in his efforts to relieve the sufferings of his fellow man. Such a one is sure to recommend Dyer's Healing Embrocation to all suffering from internal or external pains.

Great Central Route,

From Bangor and Boston

—TO—

Niagara Falls and Buffalo,

FROM THENCE TO

CHICAGO, ST. LOUIS, ROCK ISLAND,

And all points in the Great West.

PASSENGERS can leave Bangor every *Monday, Wednesday, Thursday* and *Friday* morning, and take the cars from Fitchburg R. R. Station every day, (Sunday excepted,) at 7½ o'clock A. M. and 12.30 P. M.

Time from Boston to Buffalo......24 hours!
" Boston to Niagara Falls, 24 "
" Buffalo to Chicago, 24 "
" Niagara Falls to Chicago, 24 "

The great facilities offered to the traveller gives this route the preference over any other.

The saving of distance and time, and the extent of Air Line on the route, enables the passenger to *arrive in Chicago hours in advance of any other line*, which together with the many objects of interest along the line, render it THE FAVORITE ROUTE with the Business Traveler, as well as the Tourist.

Those having THROUGH TICKETS on this route can stop at any point and resume their seats at pleasure. For further information enquire of the Agents at Bangor.

TREMONT MILLS.

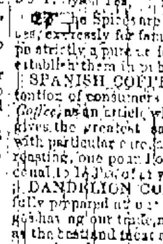
Teas, Coffees, Chocolates, Cocoas, Spices, &c.

WHOLESALE—AND ALSO IN SMALL PACKAGES.

E. E. DYER & CO.

(Sign of the Chinaman grinding Coffee,)

141 WASHINGTON STREET BOSTON,



Supply the best, finest and purest articles, at the *lowest Cash prices*. Their Stock consist of

Teas, Coffees, Chocolate, Allspice, Pepper, Mustard, Ginger, Cayenne Pepper, Nutmegs, Cinnamon, Cloves, Cream Tartar, Tapioca, Cocoa or Prepared Dandelion, Root, &c.

Having every facility for manufacturing and preparing the several articles named, the public may rely on having the *pure* and *genuine*, as they are put up carefully, and bear our name and label, "TREMONT MILLS, E. E. DYER & CO." To give consumers some idea of our sales, we annex the following scale of prices, viz:

5 lb. Souchong Tea,	1.50 5 lb. Mocha Coffee,	1,00
5 lb. Oolong Tea,	1.75 5 lb. Java Coffee,	90
5 lb. Y. Hyson Tea,	2,25 5 lb. good Coffee,	1,00

☞ The Spices are put up in ¼ and ½ lb. tin cases, expressly for family use, and are warranted to be strictly a pure article, and only need a trial to establish them in public favor.

SPANISH COFFEE.—We would call the attention of consumers and dealers to our *Spanish Coffee*, as an article which is highly esteemed, and gives the *greatest satisfaction*. It is prepared with particular care, and by a peculiar process in roasting, one pound of this coffee, it is believed, is equal to 1½ lbs. of any other.

DANDELION COFFEE.—This article is carefully prepared at our mills, and put up in packages having our trade mark, and may be relied upon as the best and most approved mixture of dandelion and coffee.

TARAXACUM, or *Prepared Dandelion Root*. This article is prepared and roasted at our Mills, is retailed by Family Grocers generally in city and country, and bearing our trade mark, "*Chinaman grinding coffee*," may be relied upon as the *genuine article*. The proportion used is about one half the quantity of coffee. The price is 20 cents per pound, and it is warranted to be the same as that which has been sold for fifty cents a pound by druggists.

The medical properties of Dandelion are well known, and bold in high estimation by all who use it. This being a preparation of the root, with all its medicinal virtues retained, can be mixed with coffee or not, as best suits the taste, and will be found cheap and convenient as a family beverage, one pound of which being nearly equal to two pounds of coffee. It is prescribed by many eminent physicians, to invalids, children and aged persons, as a nutritious beverage, and as a remedy for Dyspepsia, Bilious affections, &c.

☞ Be careful to observe that all our *Coffees* bear our trade mark, "Chinaman grinding coffee."

☞ *To Grocers and Traders* a liberal discount is made, enabling them to supply their customers at the same low rates.

TO CASH PURCHASERS.—Our object being to secure large sales at small profits, we offer inducements which cannot be afforded by those who do a business on the credit system, and we confidently invite an examination of the *quality* of our goods and our prices, as compared with those of any other house.

NUTS.

SOFT SHELLED ALMONDS, Shagbarks, English Walnuts, Filberts and Chesnuts, this day received per Mr. Sanford and for sale by

nov30 WARREN L. ALDEN.

THE GREATEST MEDICAL DISCOVERY Of the Age.

DR. KENNEDY, of Roxbury, has discovered in one of our *common pasture weeds*, a remedy that cures

EVERY KIND OF HUMOR

From the worst Scrofula down to a common Pimple.

He has tried it in over 1100 cases, and never failed except in two cases, (both thunder humor.) He has now in his possession over two hundred certificates of its virtue, all within twenty miles of Boston.

Two bottles are warranted to cure a nursing sore mouth.

One to three bottles will cure the worst kind of pimples on the face.

Two to three bottles will clear the system of biles.

Two bottles are warranted to cure the worst canker in the mouth and stomach.

Three to five bottles are warranted to cure the worst case of Erysipelas.

One to two bottles are warranted to cure all humor in the eyes.

Two bottles are warranted to cure running of the ears and blotches among the hair.

Four to six bottles are warranted to cure corrupt and running ulcers.

One bottle will cure scaly eruption of the skin.

Two to three bottles are warranted to cure the worst cases of ringworm.

Two to three bottles are warranted to cure the most desperate case of rheumatism.

Three to four bottles are warranted to cure the salt rheum.

Five to eight bottles will cure the worst cases of scrofula.

A benefit is always experienced from the first bottle; and a perfect cure is warranted when the above quantity is taken.

Reader, I peddled over a thousand bottles of this in the vicinity of Boston. I know the effect of it in every case. So sure as water will extinguish fire, so sure will this cure humor. I never sold a bottle of it but that sold another; after a trial it always speaks for itself. There are two things about this herb that appear to me surprising; first, that it grows in our pastures, in some places quite plentiful, and yet its value has never been known until I discovered it in 1846—second, that it should cure all kinds of humor.

In order to give some idea of the sudden rise and great popularity of the discovery, I will state that in April, 1853, I peddled it, and sold about six bottles per day—in April, 1854, I sold over one thousand bottles per day of it.

Some of the wholesale Druggists who have been in business twenty and thirty years, say that nothing in the annals of patent medicines was ever like it. There is a universal praise of it from all quarters.

In my own practice I always kept it strictly for humors—but since its introduction as a general family medicine, great and wonderful virtues have been found in it that I never suspected.

Several cases of epileptic fits—a disease which was always considered incurable, have been cured by a few bottles. O, what a mercy if it will prove effectual in all cases of that awful malady—there are but few who have seen more of it than I have.

I know of several cases of Dropsy, all of them aged people, cured by it. For the various diseases of the Liver, Sick Headache, Dyspepsia, Asthma, Fever and Ague, Pain in the Side, Diseases of the Spine, and particularly in Diseases of the Kidneys, &c., the discovery has done more good than any medicine ever known.

No change of diet ever necessary—eat the best you can get, and enough of it.

DIRECTIONS FOR USE.—Adults one table spoonful per day—Children over ten years, a dessert spoonful—Children, from five to eight years, tea spoonful. As no directions can be applicable to all constitutions, take sufficient to operate on the bowels twice a day.

The Principal Office for the State of Maine and the British Provinces, is at the Drug and Medicine Establishment of H. H. HAY, 15 & 17, *Market Square, Portland, Maine*, to whom all orders should be addressed. Sold by respectable Druggists throughout the United States and British Provinces.

PRICE $1.00.

G. F. Sargent & Co., Druggists, No. 8 corner Smith's Block, General Agents for Bangor.

A Small Lot

Ladies Emb. Lin. Collars

Just received and selling very cheap at

nov28 H. M. FENTS, 7 Main street.

AYER'S Cathartic Pills

(SUGAR COATED,)

ARE MADE TO

CLEANSE THE BLOOD AND CURE THE SICK. Invalids, Fathers, Mothers, Physicians, Philanthropists, read their effects, and judge of their Virtues.

FOR THE CURE OF

Headache, Sick Headache, Foul Stomach.

Pittsburg, Pa., May 1, 1855.

Dr. J. C. Ayer. Sir: I have been repeatedly cured of the worst headache any body can have by a dose or two of your Pills. It seems to arise from a foul stomach, which they cleanse at once. If they will cure others as they do me, the fact is worth knowing.

Yours with great respect, ED. W. PREBLE, *Clerk of Steamer Clarion.*

Bilious Disorders and Liver Complaints.

Department of the Interior, Washington, D. C., 7 Feb., 1856.

Sir: I have used your Pills in my general and hospital practice ever since you made them, and cannot hesitate to say they are the best cathartic we employ. Their regulating action on the liver is quick and decided, consequently they are an admirable remedy for derangements of that organ. Indeed, I have seldom found a case of *bilious disease* so obstinate that it did not readily yield to them.

Fraternally yours, ALONZO BALL, M. D., *Physician of the Marine Hospital.*

Dysentery, Relax, and Worms.

Post Office, Hartland, Liv. Co., Mich., Nov. 15, 1855.

Dr. Ayer: Your Pills are the perfection of medicine. They have done my wife more good than I can tell you. She had been sick and pining away for months. Went off to be doctored at great expense, but got no better. She then commenced taking your Pills, which soon cured her, by expelling large quantities of worms (dead) from her body. They afterwards cured her and our two children of bloody dysentery. One of our neighbors had it bad, and my wife cured him with two doses of your Pills, while others around us paid from five to twenty dollars doctors' bills, and lost much time, without being cured entirely even then. Such a medicine as yours, which is actually good and honest, will be prized here.

GEO. J. GRIFFIN, *Postmaster.*

Indigestion and Impurity of the Blood.

From Rev. J. V. Himes, Pastor of Advent Church, Boston.

Dr. Ayer: I have used your Pills with extraordinary success in my family and among those I am called to visit in distress. To regulate the organs of digestion and purify the blood they are the very best remedy I have ever known, and I can confidently recommend them to my friends. Yours, J. V. HIMES.

Warsaw, Wyoming Co., N. Y., Oct. 24, 1855.

Dear Sir: I am using your Cathartic Pills in my practice, and find them an excellent purgative to cleanse the system and purify the fountains of the blood.

JOHN G. MEACHAM, M. D.

Erysipelas, Scrofula, King's Evil, Tetter, Tumors, and Salt Rheum.

From a Forwarding Merchant of St. Louis, Feb. 4, 1856.

Dr. Ayer: Your Pills are the paragon of all that is great in medicine. They have cured my little daughter of ulcerous sores upon her hands and feet that had proved incurable for years. Her mother has been long grievously afflicted with blotches and pimples on her skin and in her hair. After our child was cured, she also tried your Pills, and they have cured her. ASA MORGRIDGE.

Rheumatism, Neuralgia, and Gout.

From the Rev. Dr. Hawkes, of the Methodist Epis. Church.

Pulaski House, Savannah, Ga., Jan. 6, 1856.

Honored Sir: I should be ungrateful for the relief your skill has brought me if I did not report my case to you. A cold settled in my limbs and brought on excruciating neuralgic pains, which ended in chronic rheumatism. Notwithstanding I had the best of physicians, the disease grew worse and worse, until by the advice of your excellent agent in Baltimore, Dr. Mackenzie, I tried your Pills. Their effects were slow, but sure. By persevering in the use of them I am now entirely well.

Senate Chamber, Baton Rouge, La., 5 Dec., 1855.

Dr. Ayer: I have been entirely cured by your Pills of Rheumatic Gout—a painful disease that had afflicted me for years. VINCENT SLIDELL.

For Dropsy, Plethora, or kindred Complaints, requiring an active purge, they are an excellent remedy.

For Costiveness or Constipation, and as a Dinner Pill, they are agreeable and effectual.

Fits, Suppression, Paralysis, Inflammation, and even **Deafness, and Partial Blindness**, have been cured by the alterative action of these Pills.

Most of the pills in market contain Mercury, which, although a valuable remedy in skilful hands, is dangerous in a public pill, from the dreadful consequences that frequently follow its incautious use. These contain no mercury or mineral substance whatever.

AYER'S CHERRY PECTORAL

FOR THE RAPID CURE OF

COUGHS, COLDS, HOARSENESS, INFLUENZA, BRONCHITIS, WHOOPING COUGH, CROUP, ASTHMA, INCIPIENT CONSUMPTION,

and for the relief of consumptive patients in advanced stages of the disease.

We need not speak to the public of its virtues. Throughout every town, and almost every hamlet of the American States, its wonderful cures of pulmonary complaints have made it already known. Nay, few are the families in any civilized country on this continent without some personal experience of its effects; and fewer yet the communities any where which have not among them some living trophy of its victory over the subtle and dangerous diseases of the throat and lungs. While it is the most powerful antidote yet known to man for the formidable and dangerous diseases of the pulmonary organs, it is also the pleasantest and safest remedy that can be employed for infants and young persons. Parents should have it in store against the insidious enemy that steals upon them unprepared. We have abundant grounds to believe the Cherry Pectoral saves more lives by the consumptions it prevents than those it cures. Keep it by you, and cure your colds while they are curable, nor neglect them until no human skill can master the inexorable canker that, fastened on the vitals, eats your life away. All know the dreadful fatality of lung disorders, and as they know too the virtues of this remedy, we need not do more than to assure them it is still made the best it can be. We spare no cost, no care, no toil to produce it the most perfect possible, and thus afford those who rely on it the best agent which our skill can furnish for their cure.

PREPARED BY DR. J. C. AYER,

Practical and Analytical Chemist, Lowell, Mass.

AND SOLD BY

All the Druggists in Bangor, and all Druggists everywhere.

H. H. HAY, Portland, General Agent for the State. july17'56

Singer's Sewing Machines.

THESE celebrated machines are in practical and profitable use in all parts of the civilized world. In all the various trades, and in sewing every sort of fabric, either of cloth or leather they have been fully tried and approved. Sewing machines of other manufacturers often fail to work, but SINGER'S MACHINES ALWAYS OPERATE PERFECTLY being strong, durable, and complete in construction, and workmanship. A perfect Sewing Machine kept employed affords a clear profit of $1000 a year; but an imperfect one is a cause of constant vexation and loss. The entire *reliability* of our machines is one great reason for their unparalleled popularity.

MACHINES FOR FAMILY SEWING, of a frail and delicate construction, are recommended by other manufacturers. Such machines are made to catch the eye, not to perform substantial work. The truth is, family sewing machines ought to be stronger than any other, because they go into less skillful hands than when sold to manufacturers, and are used for a greater variety of work. The machine which have proved best for all other purposes must be best for family use, and they are Singer's. The speed of our machines has lately been doubled. No other can compare with them in quantity of work.

☞ New machines, of the latest improved style will be exchanged on liberal terms for old sewing machines of our own make, or for operative machines of other manufacturers. Local agents wanted to sell our machines.

I. M. S. & CO.—All persons desiring full information about Sewing machines can obtain it by applying for a copy of "I. M. Singer & Co's Gazette," a paper devoted entirely to the subject. It will be sent gratis. I. M. SINGER & CO.

HELMBOLD'S GENUINE PREPARATIONS

HELMBOLD'S

HIGHLY CONCENTRATED

Compound Fluid Extract Buchu,

IS A CERTAIN, SAFE, AND EFFECTUAL REMEDY *For Diseases of the Bladder, Kidneys, Gravel, Dropsy, Weakness, Secret Diseases, Obstructions, Female Complaints,* and all Diseases of the Sexual Organs, whether in

MALE OR FEMALE,

from whatever cause they may have originated, and

No Matter of How Long Standing!

This popular and specific remedy is now offered to the afflicted, and guaranteed to cure all the above complaints. It searches out the very root of the diseases, driving out all the diseased fluids of the body, thus removing the cause and restoring the cure.

Certain and Permanent.

This medicine allays pain and inflammation, which other remedies invariably cause, and is taken with less trouble and expense to patients. This infallible remedy has saved thousands upon thousands from the hands of

Merciless Quacks,

if not from premature graves. In cases of infection, the Compound Buchu is the only article performing the least confidence of the afflicted in forming

SAFE CURES.

It contains no narcotic, mercury, or other injurious drug, but is a purely VEGETABLE COMPOSITION. It is very agreeable to the taste, creates no perceptible odor, and may be taken by persons of either sex without hindrance from business or medical advice, as plain directions for use accompany the medicine. Reader, if you have any of the above complaints, do not neglect them.

Delays are Dangerous.

With this medicine you can cure yourself, and thus prevent all exposure.

Truth must and will prevail.

This medicine speedily and effectually cures the most virulent form of secret diseases, and eradicates every particle of infectious matter, from the patient to a perfect state of *Health and Purity*.—And as a medicine which must benefit everybody, from the simply delicate to the confined and despairing invalid, no equal is to be found, it acting both as a *Cure and Preventive* of any of the above ailments.

HELMBOLD'S

HIGHLY CONCENTRATED

Compound Fluid Extract Sarsaparilla;

—FOR—

Purifying the Blood, removing all diseases arising from Excess of Mercury, exposure and imprudence in life chronic constitutional disease arising from an impure state of the Blood, and the only reliable and effectual known remedy for the cure of Scrofula, Salt Rheum, Scald head, Ulcerations of the Throat and Legs, Pains and Swellings of the Bones, Tetter, Pimples on the Face, and all scaly Eruptions of the Skin.

It is gratifying to the proprietor of these medicines to be able to state that it is now nearly three years since they were first introduced, during which time they have been extensively used in various parts of the United States, I have given to patient and practitioner the highest degree of satisfaction in the various cases in which they have been employed; whether in town, country, hospital, or private practice, they have invariably given the most decided and unequivocal satisfaction, and produced the most salutary and beneficial effects. Numerous letters have been received from the most distinguished physicians in the country, and from the professors of several medical colleges, recommending in the highest terms the value of these medicines and their superiority over all other preparations for such complaints as they are recommended. Numerous preparations of Sarsaparilla and Buchu, and various modes of preparing them have been given, all of which of course will differ according to the mode of preparation which each individual may adopt.

These medicines require considerable care in the preparation, and the employment of different menstrua in successive operation to take up the extractive matters, and, in consequence, are most frequently improperly made, and are consequently much impaired, if not rendered totally inert, by the injudicious and unskilful management of those unacquainted with pharmaceutical preparations. It is, therefore, of the highest consideration and importance to the public, and to the faculty, that there should be standard preparations of uniform strength and possessing the most advantages. To effect this, and obviate the evils alluded to, I have made a number of experiments to ascertain the most effectual mode of extracting the virtues of the Sarsaparilla and the Buchu, and to discover the most eligible form for their exhibition. The experiments have resulted most favorably, and it is with much pleasure I now offer to the public and the faculty my Compound Fluid Extracts, which contain all the virtues of the articles they are represented, to be made from in a highly concentrated form, and are the most active preparations which can be made. Two table spoonfuls of the Extract Sarsaparilla added to a pint of water is equal to the Lisbon diet drink, and one bottle fully equals in strength one gallon of Syrup Sarsaparilla or decoction, as usually made.

—PRICES—

Fluid Extract Buchu, $1 per bottle, or 6 for $5
" " Sarsaparilla, " "

Certificates of cures and recommendations from distinguished professors and physicians, will accompany each preparation. Prepared and sold by

H. T. HELMBOLD,

Practical and Analytical Chemist,

No. 263 Chesnut St., near the Girard House, Philadelphia.

To be had of Druggists and dealers in every section of the United States and Canada.

All letters for the medicine directed to the proprietor, receive immediate attention, and safe deliveries guaranteed.

☞ H. H. HAY, Portland, General Agent for Maine. Sold by G. F. SARGENT & CO., No. 5 corner Smith's Block, Bangor.

dec28 S3wd&w1y

Professor Humphrey's SPECIFIC Homœopathic Medicines,

FOR

Families, Travelers, and others.

THESE Medicines have been carefully prepared, with a view of supplying families and others with *Specific Remedies* against all the more common diseases which occur in every day life. The list includes not only remedies for all the more common diseases, such as Coughs, Colds, Headaches, Derangements of the Stomach, Fever, Worm Complaints, Diarrhœa, &c., but also for those more sudden and violent diseases which require to be met on the spur of the moment, such as Cramp, Cholera, Dysentery, Inflammation, &c., for whose treatment it is very important always to have the proper remedies on hand. There are also remedies for those more delicate Female derangements which a lady finds it so difficult to disclose, but yet a freedom from which contributes so much to the happiness and enjoyment of life.

These Medicines are prepared in the form of large Sugar Pellets, one of which is sufficient for the largest dose, and put up in boxes properly labelled. Each box contains 30 or 40 Pellets, and 15 boxes, for the different kinds, are enclosed in a case, accompanied with a small Manual of Book of Directions, giving a concise description of the diseases treated, and directions for giving the medicines, diet, &c., necessary for a cure. Cases, also, containing four or six of the small boxes, are put up, which may be supplied with any of the different kinds at the option of the purchaser.

The advantages of Specific Homœopathic Medicines.—In prescribing other Homœopathic Medicines a dozen or twenty will be recommended for a cough, a headache, diarrhœa, or fever, and much care, study, and discrimination is required to select the proper one. But here you have a Specific Remedy for each particular disease, and hence are able to use them with benefit and precision without that labor and study which the business man is so illy able to bestow, and without that research and examination which, to the mother, nurse, or invalid, is so perplexing, annoying, and unsatisfactory. The advantages are so obvious as to commend them to all.

Prepared by Dr. F. HUMPHREY, Auburn, N. Y., and sold by C. B. WALKER, Agent for Maine, at 34 Main street.
